These shall be conferred, and have associated rights as is provided for in this Article of these Bylaws. Once duly admitted, all Member Covens shall have equal rights, including voting, holding office, and on all other matters. The Council may also create classes of non-voting Associates of the Covenant.

B. Criteria for Membership

1. CRITERIA FOR COVENS

In order for the Covenant to be viable as an instrument of the joint will of its Members, a Coven, to be eligible for membership in the Covenant, must meet the following criteria, which must be addressed in each applicant's Statement of Practice.

- a. be recognized as being in fact a Coven of members of Our Religion by whichever Regular Members are already familiar with it and its members; and proclaim themselves as Witches or Wiccans in the Statement of Practice;
- b. be a cohesive, self-perpetuating group fully able to practice and preserve its Tradition of Our Religion;
- c. subscribe to a code of ethics compatible with that in *Article 9, Section B*, of these Bylaws,
- d. generally focus its liturgy, theology, and so on around the worship of the Goddess or the Goddess and the Old Gods;
- e. have three or more members who have been Formally Accepted into Training for the Clergy;

- i. agree that the Coven and all its members will hold harmless any Committee of the Covenant and all Committee members acting in their official capacities.

2. Criteria for Membership in an Assembly of Solitaries

In order to be eligible for membership as a member of an Assembly of Solitaries, a solitary practitioner of Our Religion must meet the following criteria which must be addressed in each applicant's Statement of Practice.

- a. be recognized as being in fact a member of Our Religion by whichever Regular Members are already familiar with the practitioner and proclaim her or himself as a Witch or Wiccan in the Statement of Practice;

- e. pledge to abide by all provisions of the Charter, these Bylaws, and all policy decisions of the Council; and
- f. agree to hold harmless any committee of the Covenant and all committee members acting in their official capacities.

C. Application Procedures: National

In areas where no Local Council exists, the procedures for application for Membership in the Covenant shall be as follows:

1. The Coven or solitary practitioner shall submit an application and a signed statement of practice to the Membership Officer specifying that it meets the criteria in *Section B* of this Article and two letters of recommendation to the Membership Officer. The letters of recommendation shall be from members of two

different Covens or Solitaries that are known to the Covenant.

2. If a Coven or solitary practitioner has obtained only one recommendation, that Coven or solitary practitioner may apply as a Provisional Member. Provisional Members have one year and one day to complete the process of application for Regular Membership or membership in the Assembly of Solitaries. If that application process is not completed within one year and one day, the Provisional membership shall lapse. **Completion of the application process entails an announcement (in the Newsletter) by the National Membership Officer that the application is complete and the 90-day review for objections shall begin. Any objections to the application must be received before the end of the 90-day period. If that application is not completed within one year and one day, the provisional membership shall lapse.**
3. A copy of all pertinent documents, including the Membership Application, shall be forwarded to the Publications Officer by the Membership Officer. All statements of practice and recommendations shall be published in the next issue of the CoG Newsletter.
4. If, at the termination of a 90-day review period after publication of the documents as specified in Section C.3 above, no objections to the application have been received, the Membership Officer shall approve the application no longer than 15 days after the termination of the review period. If there are any objections, the Membership Officer shall take whatever action she or he deems in the best interest of the Covenant. Decisions of the Membership Officer may be appealed to the Council.
5. Final action on the application shall be announced to the Covenant in the next issue of the CoG Newsletter.

D. Application Process: Local Council

In areas where a Local Council exists, the procedures for application for membership in the Covenant shall be as follows:

1. A Local Council may establish its own procedures for application for membership in the Covenant. Such procedures shall not violate these Bylaws. In addition to any established procedures for application for membership in the Covenant, each Local Council shall also comply with the provisions of *Section D* of this Article.
 - a. A Local Council which has established its own procedures for application for membership in the covenant shall publish those procedures in the Samhain issue of the CoG Newsletter each year
 - b. Any Local Council which does not publish procedures in the Samhain issue of the CoG Newsletter will be deemed to have accepted the procedures established in *Section C* of this Article, until Samhain of the following year. A Local Council which does not comply with this provision may be made "provisional" by the board.
 - c. A Local Council may amend its published procedures for application for membership in the Covenant by publishing such amendments in the next issue of the CoG Newsletter. No amendment shall be valid until published in the CoG Newsletter.
 - d. Any member who feels a variance is in violation of the bylaws, or is potentially discriminatory, can submit a statement to the CoG board requesting formal review. The Board will request the local council to rewrite or remove the variance and republish in the Yule newsletter.
2. The Membership Officer or the Board of the Local Council shall act on each application for membership in the Covenant which is received. They may accept the application for publication and further processing, or if the Membership or the Board of the Local Council has doubts or reservations about the applicant they may recommend the applicant for Provisional Membership, membership at the National Level, delay or decline to accept the application, or take whatever action on the application they believe to be in the best interests of the Covenant and the Local council. Should the membership decline to accept the application a short note to that effect shall enter the Local Council minutes.
3. After the application has received the approval of the Local Council membership, the Local Council Membership Officer shall forward one set of the completed application materials as specified in *Article 2. Section C.1.* to the National Membership Officer. A copy of all pertinent documents, including the membership application, shall be sent to the Publications Officer. Statements of Practice and letters of recommendation for an applicant shall be published in the next issue of the CoG Newsletter. **When a provisional member receives a second valid letter of recommendation within one year and one day, it shall be published in the national Newsletter and a 90-day review for receipt of any possible objections shall begin for the application.**

4. If any Member has any objection to this application, that Member may communicate such objections to the National Membership Officer who will immediately refer the matter to the Membership Officer of the Local Council. Receipt of an objection will cause the Local Council Membership Officer to refer the application for reconsideration by the Local Council Membership.
5. If after the termination of the 90-day Review Period following publication as specified in *Section D.3* of this article, no objections to the application have been made, the National Membership Officer shall, after consultation with the Local Council Membership Officer, approve the application.
6. A national Solitary or national coven, in good standing, who wishes to transfer into a local council may do so with approval of that local council. Local council application procedures will be followed. The local council membership officer must notify the National Membership Officer of the transfer. If the local council does not accept the transfer, the member's status remains at the national level.
7. Final action on the application shall be announced in the next issue of the CoG Newsletter.

E. RESPONSIBILITIES OF THE MEMBERSHIP OFFICER

1. Regarding Applications

The Membership Officer shall be responsible for ascertaining, as best she or he can, whether applicants that apply for membership in the Covenant meet the criteria in *Section B* of this Article. Evidence concerning the qualifications of any applicant for membership may be submitted to the appropriate Membership Officer by any person who has first-hand information concerning such qualifications. In applying the criteria provided in this Article, each Membership Officer shall exercise her or his discretion in the most holistic and intuitive manner possible, in order to arrive at better decisions than mere logic would allow. In such decision making, each Membership Officer should also beware of establishing precedents or creating trends that might at some future time lead to results that could disrupt the ordinary functioning of Covens or the Covenant, or which could lead to potential ethics conflicts. The Covenant affirms the right of member Covens to admit to membership whomever they choose and the Covenant shall not exclude applicants solely because of the age, race, gender, sexual orientation, disability, or country of origin, residence, or citizenship of Coven members. The Covenant shall not exclude applicants solely because their Traditions of Our Religion differ from those of current Members.

2. Regarding New Members

Upon acceptance of new Members into the Covenant, the Membership Officer shall:

- a. obtain from the new Member the name, mailing address, telephone number, and confidentiality level(s) of the new Member's contact person; and
- b. cause a Certificate of Membership to be forwarded to the new Member. In order for a Certificate of Membership to confer any legal status on the Coven or person who receives it, certain information may have to be filed with the state or local government. The Membership Officer will undertake such filing only when requested to do so in writing by the Coven or person in question.

F. Renewal of Membership

In order to renew Membership, Members shall certify that they continue to meet the Membership requirements in *Article 2, Section B*. Although Covens in an area where a Local Council exists must apply through the Local Council, they may either renew their memberships through the Local Council or may instruct the National Membership Officer to convert their memberships to those of Covens not in Local Councils. Solitary practitioners who hold credentials as Elder Priest/esses and were admitted to membership through a Local Council may similarly renew through the Local Council or may instruct the National Membership Officer to convert their memberships to the National Assembly of Solitaries. Before the National Membership Officer moves the Coven or Solitary to National Membership, notification must be made to the Local Council the member is leaving from and must be made to the National Board. This notification to the Local shall be made via letter (either regular mail or e-mail). The Local must reply to the NMO that it has received the information. The notification to the National Board can be made either via letter or via the regular business meeting. This does not constitute prevention for the NMO to make the transfer from the Local to National but rather gives all parties notification that the move is taking place.

G. Revocation of Membership

Membership is revocable by: (1) National Complaint Process, according to the provisions of *Article 2, Section H.*, (2) Votes of No Confidence, according to the provisions of *Article 2, Section H and I.*, (3) not sending a

Grand Council Proxy two years in succession according to the provisions of *Article 4, Section E.1*, (4) non-payment of tithes by February 28th according to the provisions of *Article 8, Section B.*, or (5) action of the National Board according to the provisions of *Article 3, Section B.1*. A Member coven or individual whose membership is revoked immediately loses all credentials, and any and all benefits of membership. A Member whose membership is revoked due to non-payment of tithes, or failure to send a proxy twice in succession, must reapply for membership in the Covenant and must also re-apply for credentials. Such a revoked Member may re-apply immediately after the revocation becomes effective.

A Member Coven whose membership is suspended by action of the Board or revoked by Grand Council immediately loses any and all benefits of membership, as described in these Bylaws. These benefits can only be re-authorized by action of the Board or Grand Council, and if authorized, can only be reinstated by a new application for membership and/or credentials, as appropriate. A Member whose membership is revoked by Votes of No Confidence may not reapply for membership in the Covenant for one year and one day from the date of revocation, and must re-apply for credentials that were lost as a result of the revocation.

H. National Complaint Process

Any member in good standing may file a complaint with any Member of the National Board. All complaints must:

1. be submitted in writing,
2. enumerate the specific Charter provision, Bylaw or Policy that has been violated,
3. identify when and where the violation was committed and by whom.

The National Board shall review all complaints and determine if the complaint:

1. is of national or local concern,
2. constitutes a threat to the viability of the Covenant

Complaints that are determined to be of local concern shall be referred to the local council in the area where the violation occurred. Local Councils are encouraged to utilize the resources of their Board Contact or other elder resources to prevent escalation of local problems. A complaint shall be considered of national concern if the violation:

1. occurred in an area not serviced by a local council,
2. involves National members of the Covenant,
3. involves more than one Local Council,
4. involves the conduct of members of the National Board or appointed assistants,
5. directly threatens the function, perception or legal status of the Covenant as a whole.
6. or if repeated efforts at the local level have failed to achieve resolution.

A complaint shall be considered a threat to the viability of the Covenant only if:

1. it threatens the legal existence and/or financial solvency of the organization; and/or
2. it involves extreme negative public relations for the Covenant at the national level both within the Pagan community as a whole and/or the general mainstream population.

If a complaint is determined to be both of national concern *and* a threat to the viability of the Covenant the National Board shall convene a Council of Elders in accordance with the procedures outlined in the Policy Manual to investigate the complaint and offer a recommendation of action to the National Board.

If any individual refuses to participate in the complaint process, the Board may apply restrictive actions to the Member Coven or Solitary, up to and including forfeiture of membership.

I. Confidence Vote Instructions

A confidence vote is taken in the following manner:

1. LOCAL COUNCILS

- a. Any Member of a Local Council in good standing may request a confidence vote regarding the membership of another Coven or Solitary within the Local Council by informing the Local Council Membership Officer or another LC Board Officer. The request shall:
 - i. be submitted in writing,
 - ii. enumerate the specific Charter provision, Bylaw or Policy that has been violated, and

- iii. identify when and where and by whom the violation was committed.
- b. Upon receipt, the Local Council Board Officers shall review the VoNC request(s) and determine via consensus (minus any Officers who are a party to the VoNC) if the request:
 - i. is of local concern, and
 - ii. violates any of the Covenant's governing documents
- c. Within ten (10) calendar days of receipt of the request for VoNC, the LC Board shall take the following action(s):
 - i. If the VoNC request is determined to be invalid, the LC Board shall return the request with a written explanation as to how this request did not meet the standard, or
 - ii. If the VoNC request is determined to be valid,
- d. The LC Board Local Membership Officer shall immediately notify all Members by letter and/or email that a confidence vote has been called, and cite by whom and against whom the allegations have been made. A copy of the VoNC request(s) along with all allegations and supporting documentation shall be provided to every Member Coven and Assembly of Solitaries (including all parties to the VoNC) and to the National Board. The National Board is notified for informational purposes only and no action is required by the National Board.
- e. The LC Board shall schedule a meeting of the Local Council to be held within 45 days of receipt of the VoNC request. At this meeting, the Coven/Solitary against whom the VoNC has been called shall be provided an opportunity to respond to the allegations and for LC Members to question all involved parties. The LC Board shall make certain that the date selected will ensure the greatest attendance of Local Council Members, and specifically the Member(s) who brought the VoNC and against whom the VoNC was called.
- f. A second meeting to conduct the confidence vote shall be held no more than 60 days from the date that the VoNC notification was sent by the LC Board to all LC Members. A ballot shall be distributed at this meeting and used to determine the outcome of the vote.
- g. The ballot shall call for a vote of "Confidence", "No Confidence" or "Abstain" in the party calling the confidence vote and also call for a vote of "Confidence", "No Confidence" or "Abstain" in the party against whom the confidence vote has been called. No other information shall be ON or WITH the ballot.
- h. A vote of "No Confidence" by 2/3 of all possible votes in the Local Council shall be required to revoke a Member's Charter.
- i. A call for a confidence vote may be withdrawn any time prior to the distribution of ballots.

2. General Provisions of Confidence Votes

- a. No veto may be cast in a confidence vote.
- b. No proxies may be used in a confidence vote. All votes must be cast in the same manner whether in person or by mail. Meeting and voting should follow the By-Law procedures of Article 4: Meetings.
- c. Each Member Coven and each Assembly of Solitaries shall have one vote. Said Coven and Assembly of Solitaries votes shall be cast in person by an individual designated by their group (either Coven or Assembly of Solitaries).
- d. The outcome of the confidence vote shall be forwarded to the National Membership Officer and the National Board. The Publications Officer shall publish the results of the VoNC in the next issue of the CoG Newsletter.
- e. The NMO, upon notification that an LC Member has received a two-thirds majority to revoke their membership, shall amend all records and send notification to said member within seven (7) calendar days that their Charter has been revoked by this procedure and they have lost all credentials, and any and all benefits of membership. The LC Member (to include all persons in an affected Coven) shall be removed from all Covenant e-lists.
- f. Members who have had their membership revoked through a Local Council confidence vote, may appeal their revocation to the National Board. Decisions made by the National Board may be appealed at the next Grand Council.
- g. Any Member who calls a confidence vote and any Member against whom a vote is called may not

transfer their membership from a Local Council to National or be moved from a Local Council to National after a member requests a confidence vote and until the vote is taken or withdrawn.

J. Restrictive Actions

Restrictive Actions against individuals in which membership in CoG is retained can include: (1) Revocation of Credentials, and therefore the eligibility to hold them, (2) Ineligibility to represent a member in council, (3) Prohibition from attendance at CoG functions, and (4) Ineligibility to hold office and (5) Restriction of access to CoG member only electronic listserves. These benefits can only be re-authorized by the action of the Board or Grand Council. If re-authorized, revoked credentials may only be reinstated by a new application for credentials

K. Non-Voting Associates

There shall be a class of non-voting Associates of the Covenant as provided for under *Article 2.A*, which shall include individuals, covens, and student groups. Association with the Covenant shall not confer the right to vote, hold office, or any other rights of membership. The Covenant reserves the right to decline the acceptance of or renewal of an Associate.

8. Continuing Qualification

If a member of the Board leaves membership in the Coven which qualified the person for election to the Board, that person may serve out the term for which she or he was elected subject to vote consensus-minus one (the officer in question) of the Board. If at the end of that term the person has not become eligible to hold office, the person may not be re-elected. In case of any question, the Membership officer shall investigate and recommend action.

C. Resignation and Removal

1. Resignation

If an Officer determines that she or he is unable to perform the functions of the office to which she or he was elected, the Officer shall be allowed to resign that Office, without prejudice to that person's eligibility to later serve as an Officer of the Covenant.

2. Removal

If an officer is unable or refuses to perform the duties of the office to which she or he was elected, and the Board determines that the failure of this Officer to act is having a serious and detrimental effect upon the Covenant, that Officer may be removed from Office. The Board may remove such an Officer by a vote of consensus-minus one (the Officer in question) of the Board and the officer in question will be recused.

Article 4: Meetings

A. Annual Meeting

The Annual Meeting of the Council shall take place once each year, prior to the end of the fiscal year at Samhain. The Board shall select the date, time, and place for the meeting and the Publications Officer shall publish these particulars in the CoG Newsletter at least four months before the date chosen.

B. Special Meeting

A meeting of the Council may be called at any time by the Board, but such a meeting shall not be considered a regular Annual Meeting. No meeting of the Council shall be held without 60 days written notice to each Member of a Special Council Meeting. Notice shall be sent to the address on file for each Member.

C. Meeting by Mail

The Board may, on its own initiative, or shall upon written request from 20% of the Member Covens, circulate any proposal, including a proposal to amend the Charter or these Bylaws, to be voted upon by the Members, by the following procedure:

1. The Publications Officer shall send a copy of all necessary documents to each Member, including a blank Ballot regarding the proposal. Members shall promptly return their votes on the proposal to the Publications Officer.
2. When every Member has been heard from, or after a predetermined deadline, allowing at least six weeks for decision, the Publications Officer shall tabulate the votes and report to the Board.

3. A proposal voted upon by this procedure shall be deemed to have been voted upon at a meeting of the Council, and so a veto may be cast concerning it.
4. Records of such a procedure shall be maintained and reported to the Covenant as the proceedings of any Council meeting are reported.

D. Quorum

No meeting of the Council may be held unless a quorum is present. A quorum will be determined in the following manner:

1. First, at least 25% of the Member Covens from the Continental United States must be physically represented at the meeting; and
2. At least 50% of all Member Covens must either be physically represented, or represented by proxy at the Meeting.
3. Once quorum for the Council has been established, quorum will be deemed to continue. If delegates or representatives absent themselves and do not declare otherwise, they are presumed to have given their proxy to the Council as a whole, unless:
 - a. Less than 25% of the delegates/representatives are physically present, or
 - b. A vote is called and quorum is questioned from the floor.

E. Requirement to Attend Meetings and Proxies

1. Each Coven shall send a representative or a proxy to the Annual Meeting of the Council. Any Coven failing to do so shall become a Provisional Member. Any Coven failing to send a representative or a proxy two years in a row shall lose its membership and can only be reinstated by a new application for membership. Each Assembly of Solitaries may send a proxy. A minimum of three members of a Local Council Assembly of Solitaries must have discussed and agreed on a position for a given issue or candidate, and so instructed their proxy-holder. The Assembly of Solitaries in question must send a completed Proxy Form naming their proxy-holder to the National Membership Officer in a timely manner prior to the annual meeting. A thorough attempt to include all members of the Local Assembly of Solitaries must be made prior to completing the proxy form. This may take place by telephone or by caucusing at a Local Council meeting prior to the annual meeting. At least three members of the Assembly of Solitaries must sign the form and the appropriate Membership Officer or First Officer. The National Assembly of Solitaries may caucus on site at the Annual Meeting to discuss issues of shared importance. They may utilize other resources, such as e-mail, to form an affinity group if they so chose.
2. A Coven may appoint as its proxy any Member of the Covenant who is both eligible to vote at a Meeting of the Council and physically represented at such a Meeting. Alternatively, a Coven may appoint the Council as a whole as proxy.
 - a. A proxy may be general or specific.
 - b. A proxy for a Regular or Provisional Member must be signed by that Coven's Contact. A proxy for an Assembly of Solitaries must be signed by at least three member of the Assembly of Solitaries and the appropriate Membership Officer or First Officer.
 - c. A member may physically represent more than one coven, provided she or he is a member of that coven. No Member may act as proxy for more than five Covens. No person may cast more than six votes.
 - d. When individuals hold dual memberships in an Assembly of Solitaries and in a member Coven, their voting rights as a Solitary are suspended for as long as they retain their membership in the member Coven.

F. Procedures for Meetings

The First Officer shall chair all meetings of the Council and the Board. The individual appointed to chair any committee of the Council or Board shall chair all meetings of that committee.

1. At any meeting of the Council, the Board, or a Committee, the chair shall recognize speakers, decide whether comments are relevant to the topic under discussion, decide the order in which topics are to be discussed, and make whatever other decisions are needed to enable the meeting to proceed effectively.
2. At any meeting of the Council, decisions shall be made by the following process: each issue raised shall be thoroughly discussed by all present who wish to discuss it. All points of view, suggestions, and objections

shall be taken into account in shaping a proposal about how to deal with the issue, until official representatives are agreed that the best possible proposal for the moment has been arrived at. Only if such unanimity cannot be reached shall the Council vote on a proposal.

3. Members of the Assembly of Solitaries or any Coven that is a Member in the Covenant shall be entitled to attend and speak at any meeting of the Council. A proposal may be placed before the Council for a decision or be voted upon only by a Voting Member. Any challenge to a decision by the Membership Officer concerning such entitlement shall be heard and adjudicated by the Council before the meeting begins. Non-members of the Covenant who satisfy the Membership Officer that they are bona fide members of Our Religion may be allowed to observe Council Meetings.
4. Any person who is a Voting Member of the body that is meeting may challenge any ruling of the chair. Such a challenge shall be voted upon immediately. A majority of the Voting Members shall be able to uphold or overturn the ruling of the chair; a tied vote shall be considered to uphold the ruling of the chair. When Grand Council calls for a review of the Board's actions, Board members may not veto during the review or the call for review.

G. Voting Rights and Voting Members

Each Regular Member, Provisional Member and Assembly of Solitaries shall have one vote at a meeting of the Council. Only Regular Members may cast a veto. Before a Member is eligible to vote at a meeting of the Council, that Member's membership status shall be verified by the National Membership Officer. The term Voting Members is hereby defined as representatives of Regular Members, Provisional Members, or Assembly of Solitaries of the Covenant who are physically present at a Council meeting. When a quorum (as defined in Article 4, Section D, of these bylaws) of the Council is present, Members of the Covenant who are represented by proxy shall also be Voting Members.

H. Representatives of Covens

1. A Coven or Assembly of Solitaries shall be free to designate whichever of its members it pleases to exercise its vote at any one meeting of the Council. All persons thus chosen as representatives must be members in good standing.
2. Representatives from each Local Council Assembly of Solitaries will carry verification of their status signed by the Local Council Membership Officer. The Local Board will encourage and assist Local Council Assembly of Solitaries members in contacting each other to share concerns, pick representatives to Council, and/or prepare a proxy. The National Membership Officer will fulfill this responsibility for the National Assembly of Solitaries.

I. Types of Votes

When a vote of the Council is necessary, there shall be four types of votes possible: affirmative, abstention, negative, and veto.

1. A veto which is cast shall immediately defeat the proposal under consideration. A veto may be cast only in the case of such extreme dissent regarding the proposal coming under question that, were there no veto, the dissenting member would leave the Covenant. A veto may not be cast under any other circumstances. A veto may not be cast by proxy. A veto may be cast only at a meeting of the Council by a voting member who is physically present and entitled to cast one.
2. The phrase "subject to unanimous consent" in the Charter and these Bylaws shall be understood as referring to the veto power.

J. Results of Veto

A proposal can be adopted by the Council only by a Passing Vote, which shall consist of affirmative votes cast by at least 50 percent of the Voting Members, with no veto cast.

Article 5: Committees

To provide for the proper governance and functioning of the Covenant, the Council or the Board shall establish, maintain, and disband Committees as it sees fit, and shall establish such procedural rules as may be necessary to augment the rules provided in these Bylaws.

Article 6: Local Councils

A. Composition

Local Councils shall be comprised of Covens which are geographically proximate. Only one Local Council shall be chartered in a geographic area, which shall be defined by the Board working with geographically proximate Member Covens. The extent of the geographical area covered by a Local Council shall be determined by the ability of that Local Council to serve all of the covens within that Local Council. In special circumstances, as described below in this Article, when recommended by the affected Local Council(s) and the National Board, the Council may make or allow more than one Local Council in a geographic area.

1. Any three or more Covens, of at least two Traditions of Our Religion, which are qualified to hold Regular Membership in the Covenant may be chartered as a Local Council of the Covenant. The National Council may make exceptions to this rule in special circumstances.
2. If two or more Covens wish to form a Local Council but are unable, for good reasons which have been investigated by the Membership Officer, to fulfill the requirements of Section A of this Article, they may be admitted as a Provisional Local Council, with the understanding that they will complete the requirements for membership within one year. A Provisional Local Council may exist for a period of one year and one day, after which they will either be admitted as a full Local Council or the Local Council will be deemed not to exist.
3. Ideally, local councils should form around the members they serve, should be reasonably sized to afford easy transit to meetings, and should meet frequently enough, (at least quarterly is recommended) to offer ready and practical service and response to members. It is practical, but not required, to include local councils within state boundaries, which may reflect local regulations applied to religious groups within a particular jurisdiction

B. Effect of Covenant, Bylaws, and Policies

Except where it is provided otherwise, all provisions of the Charter, these Bylaws, or policy decisions of the Council which concern the Council, its Board, or its Committees, shall be interpreted in reasonable ways as applying to the Local Council, its Board, and its Committees. Each Local Council shall be structured and shall function as the Covenant as a whole is structured and functions. Each Local Council shall be otherwise autonomous and free to conduct its affairs as it sees fit, including the election of its Board.

C. Required Activities

1. All Local Councils must:
 - a. Meet at least once a year;
 - b. Elect at least three individuals as local officers and notify the National First Officer of the names of the local officers by December 15 annually;
 - c. Promptly act on all membership applications from their area;
 - d. Submit quarterly Financial Reports to the National Pursewarden; and
 - e. Send concise copies of the minutes of all general Local Council meetings to the CoG Newsletter for publication, within 45 days of the meeting recorded, or within 45 days of the meeting where the previous minutes are approved.
2. If a Local Council fails to comply with the provisions of this section, the National Board may change the status of the Local Council to that of Provisional Local Council until they comply. If compliance is not obtained in a year and a day, the Board may revoke the Provisional Local Council's charter.

D. Affinity Groups

Within a Local Council, Affinity Groups may be established to further the interests and aims of two or more Local Council Members who share common interests and aims other than their tradition of Our Religion. Covens may, at their discretion, join one or more Affinity Groups. Affinity Groups will approve Affinity Group membership, determine the frequency and purpose of their meetings and select and follow through on their own projects and activities. Affinity Groups shall keep the Local Council First Officer and other appropriate officers informed of their activities. Affinity Groups are encouraged to invite membership by CoG Members beyond Local Council boundaries.

E. Overlapping Local Council Boundaries

1. Except in special circumstances, overlapping Local Council boundaries should be avoided. Division of a Local Council should aim to divide the former area so that the boundaries of the resulting Local Councils do not overlap and are as discrete as possible. In the process of setting boundaries, the Board and the

affected Local Councils are urged to avoid gerrymandering. If overlaps are unavoidable, the overlapping area should constitute a minimum area of the resulting Local Councils.

2. Overlapping Local Councils' boundaries may be visualized in a manner analogous to the way several covensteads may co-exist in a given town, with coven members residing within the whole area. It must be permissible for member covens and solitaries of overlapping Local Councils to transfer between Local Councils if they wish, according to established membership procedures. The overlapping Local Councils must adopt communication procedures to allow ease in transferring, and to avoid any unfair advantage accruing to one Local Council. Members of either Local Council may renew at the national level if they wish. Overlapping or adjoining Local Councils may collaborate on projects such as fundraising, festivals, clerical concerns, or other issues of mutual interest. It may be possible for members who wish to join both Local Councils to do so if they can be active in the projects of both.

F. Dividing an Existing Local Council

Ideally, decisions about dividing a local council are best reached by the LC members directly affected. The decision to divide a local council represents a critical stage for the local council and must be approached with serious consideration. Within an area already covered by an existing Local Council, a potential local council—defined in this instance as at least three covens of two traditions—may follow the procedures below to register their desire to form a new LC. If fewer than three covens wish to secede, they should renew at the National level.

1. Registering the Issue

A potential new local council must first make a good faith effort to discuss the issue with the membership of the original local council, and the members of the original local council must be informed about the proposal to form anew local council before the issue can be registered with the National Board or Grand Council. The proposal may not be registered unless it can be demonstrated that (1) the initial effort to discuss the issue has been made, and that (2) informed representatives of both groups are Ready and able to present their issues to the Board or the membership.

2. Negotiation

After the issue is registered with the Board or Grand Council, the parties have up to six months to reach a reasonable compromise through local negotiations. If the parties wish for national intervention prior to the end of the six-month local discussion period, all affected factions must make the request. A separation may not be authorized by the Board or Grand Council prior to the end of the six-month period unless it can be demonstrated that (1) a local effort to discuss the issue has been made, (2) and a reasonable and workable compromise has been reached.

3. Intervention

If no workable compromise can be reached after six months, the Board or Grand Council may intervene directly, may appoint a mediator who will report to the Board on the progress of mediation, or may set deadlines for further action on the process. As a result of this process, the Board or Grand Council may authorize the creation of a new Local Council. When a division occurs, members of the previous local council shall have until the next renewal period to decide if they wish to join one or the other local council, or to renew at the National level.

G. Process of Creating a New Local Council

1. Covens which feel that they satisfy the criteria of 6.A, and wish to form a new Local Council, should notify the National Membership Officer of their intent to attempt to form a Local Council in their area, by sending the National Membership Officer a Notice of Intent which at the minimum details the membership and geographic area which their Local Council shall comprise. Upon this notification, National Membership Officer shall contact all parties that would make up the proposed new Local Council, as well as all other geographically proximate Covenant of the Goddess members, regarding their wishes with respect to the new Local Council. National Membership Officer will consult all other relevant factors, including relevant By-laws, history, and opinions of nearby Local Councils, regarding establishment of this proposed new Local Council.

It is recommended, though not required, that covens which would wish to form a new Local Council first form an Affinity Group for as long a time as possible prior to the establishment of the new Local Council.

2. Notification of the general Covenant of the intent to form a proposed new Local Council, or the completion

of the process of dividing an existing local council as detailed in *Article 6, Section F.* of these by-laws, shall be published in the CoG Newsletter.

3. After undertaking a review of the proposed new local council, including soliciting input from nearby local councils possibly affected by the change, the National Membership Officer shall take all relevant facts to the National Board. After deliberation the National Board shall decide either to support the establishment of the new Local Council, to deny the new Local Council formation, or to recommend changes to the new Local Council's proposed structure. The full details of the decision shall be published in the newsletter in the next issue following this decision.
4. Denial by the National Board of a request to form a new Local Council may be appealed at Grand Council. If an appeal is requested, publication of the grounds for the appeal should likewise be published in the Newsletter at least one issue prior to Grand Council. Unanimous consent of Grand Council for the formation of the proposed new Local Council must still be obtained in the case of an appeal.

The budget shall also include all projected income from such investments or holdings. Approval of the budget as a whole shall be based on a simple majority vote. Approval of the budget as a whole or the vote there on shall not be subject to veto. The Pursewarden shall estimate the amount of the projected expenses which will not be met. The Council shall then, by a Passing Vote, establish the amount of the tithe that each class of Member shall pay to the Covenant for that year, sufficient to cover projected operating expenses and maintain a reserve. The Board shall also have the authority to raise money in any way that does not involve further assessments of the members.

B. Tithes

1. Annual tithes are due at Imbolc, February 2, with a grace period lasting until February 28 of the same year. The tithe shall be paid by each member to the Pursewarden or a designated representative. A Member who is in arrears in paying the annual tithe shall automatically have all voting rights and other privileges suspended. If the tithe has not been paid before February 28, the membership shall be revoked, and can only be reinstated by a new application for membership.
2. Solitary Tithes in the same household. Two or more Solitaries living in one household may elect to pay membership tithes at a discounted rate of the full minimum tithe for the first Solitary member and one half the minimum tithe for the second or any subsequent Solitary members.
3. New Coven and Solitary applications for membership submitted from Ostara to Mabon with final approval taking place from Litha to Yule shall be given a reduced tithe. This does not include the applications of two or more solitaries living within the same household.

C. Accounting

All individuals responsible for handling Covenant funds and the records of those funds shall follow Generally Accepted Accounting Principles. A Pursewarden may only disburse funds on the authority of the Council or the Board. Two signatories are required on the National Checking Account: one is the National Pursewarden and the second is one of the current National Board of Officers.

A. Policy and Purpose

The Covenant strongly encourages its Members to comply with the Code of Ethics described in *Section B* of this Article. The Covenant recognizes that ultimately questions of ethics violations are between individuals and their Gods.

B. Code of Ethics

The following shall constitute the Code of Ethics of the Covenant:

1. An ye harm none, do as ye will.
2. Since Our Religion and the arts and practices peculiar to it are the gift of the Goddess, membership and training in a Coven of members of Our Religion are bestowed free, as gifts, and only on those persons who are deemed worthy to receive them; nevertheless, a Coven may expect each of its members to bear a fair share of its ordinary operating expenses.
3. All persons have the right to charge reasonable fees for the services by which they earn a living, so long as Our Religion is not thereby exploited.
4. Every person associated with this Covenant shall respect the autonomy and sovereignty of each Coven, as well as the right of each Coven to oversee the spiritual, mental, emotional, and physical development of its members in its own way, and shall exercise reasonable caution against infringing upon that right in any way.
5. All persons associated with the Covenant shall respect the traditional secrecy of Our Religion.

6. Members of Our Religion should ever keep in mind both its underlying unity and the diversity of its manifestations, and should make clear on any communications just whom they are speaking for or about.
7. These ethics shall be understood and interpreted in light of one another, and especially in light of traditional laws of Our Religion.
8. Board Officers or appointees are morally obligated to recuse themselves from any adjudicatory decision in which there is a perceived problem of partiality.

C. Ethics Violations

The Covenant recognizes the following to be ethical violations:

3. Persistent refusal to abide by the provisions of the Charter, these Bylaws, or such decisions of the Council as are necessary for the continued viability and usefulness of the Covenant as an instrument of the joint will of the Members;
4. Willful violation of the confidentiality provisions of Article 10 of these Bylaws;
5. Such persistent use of the veto power that the usefulness or viability of the Covenant is seriously threatened;
6. Misrepresentation by an individual or a Coven of that individual's or that Coven's status within the Covenant; or
7. Deliberate intimidation, coercion, or manipulation of any individual, against that individual's will, at any business function of the Covenant

Article 10: Confidentiality

A. Responsibilities of the Membership Officer

In processing an application for membership in the Covenant, the Membership Officer shall ask persons and groups for only such information as she or he needs to decide whether a person or group meets the criteria in *Article 2* of these Bylaws, and such information shall be considered strictly confidential. Concerning any specific person or group, the Membership Officer shall communicate to other persons in the Covenant only the results of its decisions, as, in effect, a simple "yes" or "no." However, the Membership Officer may, at her or his discretion, communicate such information to the current members of the Board. The Membership Officer may also base general statements (such as about how many members the Covenant has) on such information, and communicate such statements to the Publications Officer.

B. Covenant Mailing List

The mailing list of Covenant of the Goddess shall be in the keeping of the Publications Officer who will be charged with guarding its confidentiality. The National Board may grant access to the mailing list to other Officers or their assistants as defined in *Article 3, Section A.3*. C. MerryMeet

1. The mailing list used to publicize MerryMeet shall be in the keeping of the Second Officer, who will be charged with guarding its confidentiality. Access to this mailing list may be granted to other Officers by the National Board.
2. No information about the exact location of MerryMeet shall be released to the media without the express prior consent of the Second Officer. It is understood that media inquiries concerning MerryMeet shall be referred directly to the Second Officer.

Article 11: Amendments

These Bylaws shall be amended only in the same way that the Charter can be amended. These Bylaws may be amended only by the Council. These Bylaws shall not be amended by any Local Council or by any other body

within the Covenant.
